Announcements & Thoughts:

Excerpts from Cultivating Curiosity in K-12 Classrooms

“Curiosity Releases Dopamine, Which Not Only Brings Pleasure but Also Improves Observation and Memory

When students are curious and seek to satisfy their goals and desires, they get a hit of this pleasure-producing chemical. ...When the participants curiosity was triggered, their brains release dopamine. ...In other words, when we are curious, our brains surge in dopamine causes us to take in and remember the entire landscape of experience and information more deeply.”

(Wendy L. Ostroff, ASCD pp. 4-5)

The SY 2016-2017 motto is #honest&kind: focusing on Respect, Honesty, Humility, Kindness, Resilience, Innovation, and Community. This school year promises to be a great year as we set high expectations for learning and for positive character.

Ms. Kimberly - I appreciate you so much as a teacher. I wish I had you this year again, you always made my day and made me smile. TB
