2:25-3:25		5	1:32-2:26		6	6	5	2:25-3:25		6
			2:31-3:25		7	7	7			

Revised - November 14, 2018

Above is the AzMERIT Testing Schedule for Spring 2019. More information will be coming in the future, including information as to what testing group (A, B, or C) students/teachers will be assigned to. Please keep this schedule in mind when scheduling appointments for students to avoid any conflicts.

Unlike our Short Week Schedule which has classes 1-7 every day, the schedule above will rotate classes over the course of two weeks. This rotation allows classes to be their normal hour-long length, while still conducting classes for the same number of minutes over the course of two weeks.
